

March 22-24 | 8:30 AM – 5 PM

Christ Center is offering a Community Service Chaplaincy course to provide specialized

training to equip pastors, lay leaders and interested volunteers for the challenges of ministering to people following a crisis. This forty hour training will provide participants with

three days of intensive instruction covering topics such as crisis response, critical incident stress, grief and trauma counseling, confidentiality, suicide, domestic violence and the role of ministry outside the walls of the church.

This course is designed to equip willing hearts and hands with the tools necessary to minister practical love and compassion to those in great need.

Do you know how to respond to crisis and trauma within your family or your church or in your community?

Christians are not immune to devastating pain. The impact of war, death, divorce, addiction, crime, natural disasters and the current economic crisis, has overwhelmed the Body of Christ and left many Christians wounded and confused.

The Earthquake in Haiti has devastated the lives of thousands of people. The destruction of homes, schools, churches and entire communities will be felt for years. Our state has been devastated by the downturn in our economy. Jobs and homes have been lost, leaving families in the midst of a raging storm.

Chaplaincy Training provides the educational foundation to equip Christians to respond when disaster strikes. We have no idea what the future holds but there is an increasing awareness that we need to be ready for anything. The Lord is calling us to work "double time" before the storm and Chaplaincy Training will help us be prepared to respond to whatever lies ahead.

The chaplaincy training will be located at the Conservatory at Apple Annies in Cashmere
